

TEOSYAL® PURESENSE

Redensity [I]

TEOSYAL® PURESENSE REDENSITY [I]: AWARD WINNER OF THE FIRST ANTI AGING & BEAUTY TROPHY

Launched in 2012, **TEOSYAL® PureSense Redensity [I]** is a **unique and highly innovative hyaluronic acid-based skin enhancer** that keeps exceeding patients and practitioners' expectations. **TEOSYAL® PureSense Redensity [I]** is a biorejuvenating treatment, which **prevents premature skin aging, restores skin density and maintains skin glow**. The development of this cutting-edge product was made possible thanks to **TEOXANE high quality requirements and continuous search for excellence**.

This **exclusive formula** is designed from a rigorous selection of non-allergenic ingredients all synergically involved in redensifying the dermis:

- **15 mg/g free hyaluronic acid:** for optimal hydration;
- **Patented Dermo-Restructuring Complex:** 3 potent antioxidants, 2 minerals, 1 vitamin and 8 amino acids for efficient skin protection and redensification;
- **Lidocaine:** anesthetic effect for more injection comfort.

TEOSYAL® PureSense Redensity [I] treatment consists in performing microinjections across the dermis, so that hyaluronic acid and the Dermo-Restructuring Complex are spread evenly into the skin¹. **TEOSYAL® PureSense Redensity [I]** is suitable for the face, neck and also neckline which is a particularly fragile area often ignored by traditional treatments. This TEOXANE innovation guarantees **uniform and subtle results: the skin is evenly and naturally plumped, radiant and smooth with luminosity restored**.

About TEOXANE Laboratories

TEOXANE Laboratories were established in Geneva in 2003 and are specialized in the design and manufacture of hyaluronic acid-based dermal fillers. As a result of its uncompromising commitment to innovation, quality and patient satisfaction, TEOXANE is now among the top three hyaluronic acid-based dermal fillers manufacturers in the world with products in more than 80 countries. For more information, please visit www.teoxane.com.

About The Anti-Aging & Beauty Trophy

The Anti-Aging & Beauty Trophy is presented by EuroMediCom and WOSIAM to give recognition to companies which thrive to innovate products and devices in the field of Aesthetic and Anti-Aging Medicine as well as physician's best case studies. TEOXANE Laboratories are honored to be awarded the Anti-Aging & Beauty Trophy for **TEOSYAL® PureSense Redensity [I]**, in the best injectable skin revitalizers' category, at the First Edition of the Anti-Aging Medicine European Congress – AMEC – in Paris.
